Alaska

Do you know that over 60% of the visitors to Alaska each year, do so on a cruise ship? It's certainly the easiest way to see this vast wonderland, however, it truly only is the tip of the iceberg. At SitInMySeats VIP Tickets, Travel & Concierge Services, the travel specialists are known for tailoring and customizing unique and unforgettable experiences to destinations worldwide. Alaska is no exception. So many people have already experienced cruising and are looking for ways to push their expectations when they finally plan their vacation.

"We're seeing a growing trend in our discerning clients wanting more from their destinations, more from their experiences and certainly, more from our team as we create and personalize each vacation" says Laura Hildenbrandt, Director of Travel.

Recently, the team at SitInMySeats created a journey for a family looking to experience the true Alaska. The clients wanted a "grand journey" and wanted to take in as much of the landscape and

culture as they could in a period of 12 days.

The result was an awe-inspiring trek that allowed the clients to take in the natural beauty, search for Alaska's famed wildlife and learn the stories behind the sights as they traveled through some of the state's most stunning wilderness. They visited Chugach National Forest, Kenai Fjords National Park, Kenai National Wildlife Refuge and Denali National Park. The wildlife experience was beyond their expectations. During this adventure, they saw marine wildlife such as sea otters, puffins, harbor seals, Steller sea lions and whales in Kenai Fjords National Park as they coasted past glaciers on their canoes. They saw countless animals throughout the journey, including caribou, moose, Dall sheep and grizzly bears.

SitInMySeats also customized an amazing "flightseeing" trip of Mt. McKinley that the clients said there are "no words to describe"! Throughout this journey, SitInMySeats made sure that their transportation and accommodations were nothing short of luxurious, having their guests stay at amazing places such as Kenai Fjords Glacier Lodge, Caribou Lodge and Tutka Bay Lodge.

A trip to Alaska can be done so many different ways but the end result will stay the same....a vacation and experience that will live on in your dreams and memories forever.
