## The Experience

### A Signature Portfolio Villa

Hidden right over a secluded sandy beach surrounded by a quintessential Cretan landscape, this property is a magical summer retreat on the southern coast of Crete offering endless views of the Libyan Sea. Blending effortlessly luxury and simplicity in a stunning environment, the villa can sleep a total of 28 guests in 3 separate units and its expansive outdoor spaces providing a perfect playground in the sun for children and adults alike. Here, the connection to the land and

nature is absolute, so leave all troubles behind and immerse yourself in the primitive energy of the island, which will travel you to a mystical world.

## Outdoors

With an abundance of outdoor areas to lounge in, it couldn't be easier to relax while keeping an eye on your little ones as they splash around in the infinity pool. But why stay there? The beach in front of the property is practically private, so just walk a few steps and relax on a comfy lounge under the shade of a tamarisk tree. For the sea and watersports lovers, the beach in front of the villa is practically solely yours to swim in, and you will find SUP boards and canoes to keep you fit. When you feel hungry, there are two BBQs to make use of - one of which right on the beach - and many outdoor dining areas to choose from for your alfresco meals. As the sun begins to set, grab a local wine and watch the sky transform in never-before-seen pinks, oranges and smudgy blues, easing you into the magical world of Crete.

## Interior

The dream-like exteriors are matched by whimsical interiors; whitewashed walls and abundant natural light ease you into surrendering to the laid-back island life, whilst the modern sumptuous furnishings take luxury to the next level. The lavish living room enjoys stunning views of the sea and the mountain and connects with the dining area and the open

plan kitchen, fully equipped with professional equipment. This property consists of two blocks - the main villa and the guesthouse block - as well as an extra guest room by the sea, offering a total of 12 spacious bedrooms, all with comfortable beds, flat-screen TV, ensuite bathroom, air-conditioning and strong Wi-Fi. Could your Greek summer get any better?

### Good To Know

This property is part of our Signature Portfolio, a unique and exclusive collection of luxury properties offering superior amenities and facilities similar to the standards of a 5-star hotel. The villa enjoys a secluded location, so there is no one around to bother you. If you love hiking, secluded beaches and nature in its most primitive and unspoiled version, this is the place to be. If you are lucky enough and get to stay here in August, you will also experience a unique spectacle; it is on this secluded beach, that the loggerhead sea turtle lays its eggs every June and in mid-August the little turtles get out of their nest and go into the sea, starting their big journey. This property is looking forward to meeting you!
